Greetings to All:

I am writing to inform you about the upcoming CAI Academy 5th Annual Meeting, which will be held at the New York University Dental School on 12 November 2010.

The CAI Academy has gained much attention world-wide in the past few years as an organization that is trying to educate clinicians about the importance of computer-aided implantology. The meeting will consist of two days of intense interaction and didactic presentations that will address various aspects of computer-aided implantology.

Two days of intense interaction and didactic presentations will take place, discussing topics such as computer-aided surgical planning, virtual implant planning, and computer-aided navigation.

Don't miss this appointment. Early registration is recommended to secure your place at the meeting.

Sincerely,
Scott D. Ganz, DMD
President Elect: Aslan Gokbuget (Turkey)
President: Scott Ganz (U.S.A.)

For more information or to register, please visit our website at http://www.caiacademy.org.

The CAI Academy 5th Annual Meeting will include various sessions and workshops, as follows:

- 8:30 - 8:50: Placement: Theory and Case Report Session Chairperson: Almog D.
- 8:50 - 9:10: Prosthesis and Flapless Surgery: Accuracy and Clinical Control Study Session Chairperson: Ewers R.
- 9:30 - 9:50: The Prevalence and Significance of Anatomical Variance in the Mandibular Symphysis: A Retrospective Study Session Chairperson: Xiaojun C.
- 10:10 - 10:30: Prosthetically Coordinated Computer Guided Implantology Session Chairperson: Bravo JA.
- 10:30 - 10:50: The Prevalence and Significance of Anatomical Variance in the Mandibular Symphysis: A Retrospective Study Session Chairperson: Xiaojun C.
- 10:50 - 11:10: The Use of Mucosal Thickness Measurement in Virtual Implant Planning Session Chairperson: Almog D.
- 11:10 - 11:30: Prosthetically Coordinated Computer Guided Implantology Session Chairperson: Bravo JA.
- 11:30 - 11:50: The Prevalence and Significance of Anatomical Variance in the Mandibular Symphysis: A Retrospective Study Session Chairperson: Xiaojun C.
- 11:50 - 12:10: The Use of Mucosal Thickness Measurement in Virtual Implant Planning Session Chairperson: Almog D.
- 12:10 - 12:30: Prosthetically Coordinated Computer Guided Implantology Session Chairperson: Bravo JA.
- 12:30 - 12:50: The Prevalence and Significance of Anatomical Variance in the Mandibular Symphysis: A Retrospective Study Session Chairperson: Xiaojun C.
- 12:50 - 1:00: The Use of Mucosal Thickness Measurement in Virtual Implant Planning Session Chairperson: Almog D.
- 1:00 - 1:20: Prosthetically Coordinated Computer Guided Implantology Session Chairperson: Bravo JA.
- 1:20 - 1:40: The Prevalence and Significance of Anatomical Variance in the Mandibular Symphysis: A Retrospective Study Session Chairperson: Xiaojun C.
- 1:40 - 1:50: The Use of Mucosal Thickness Measurement in Virtual Implant Planning Session Chairperson: Almog D.
- 1:50 - 2:10: Prosthetically Coordinated Computer Guided Implantology Session Chairperson: Bravo JA.
- 2:10 - 2:30: The Prevalence and Significance of Anatomical Variance in the Mandibular Symphysis: A Retrospective Study Session Chairperson: Xiaojun C.
- 2:50 - 3:10: Prosthetically Coordinated Computer Guided Implantology Session Chairperson: Bravo JA.
- 3:10 - 3:20: The Prevalence and Significance of Anatomical Variance in the Mandibular Symphysis: A Retrospective Study Session Chairperson: Xiaojun C.
- 3:40 - 3:50: Prosthetically Coordinated Computer Guided Implantology Session Chairperson: Bravo JA.
- 3:50 - 4:00: Questions - Discussion - Closing Remarks - Announcements

We encourage you to join us for this exciting event and to take advantage of the opportunity to network with other professionals in the field of computer-aided implantology.
