10th INTERNATIONAL ANNUAL CONGRESS OF THE DGOI

September 19–21, 2013

Hotel Sofitel Munich Bayerpost

“Implantology: Technology and Medicine”

Guided Surgery – Prosthetic rehabilitation –
Aftercare and management of complications

Forewords

Dr. Georg Bayer

Uwe Breuer

“Implantology: Technology and Medicine”

The 10th Annual International Congress of the German Society of Oral Implantology (DGOI) is dedicated to the interdisciplinary cooperation of oral implantologists and dental technicians. Under the direction of Dr. Paul Weigl, a multifaceted programme has been developed that takes a close look at clinical and laboratory aspects alike.

Master dental technicians, with their experience and knowledge, can assist dentists in achieving maximum patient satisfaction right from the planning stage and thus contribute to the success of the dental practice. The Association of German Dental Technicians' Guilds (VDZI) and the DGOI have made a point of acknowledging this by entering into their new partnership.

On Saturday, for the first time, renowned dentists and dental technicians will take their seats on the main podium side and discuss a host of issues – from planning treatments to addressing complications. This year's Annual Congress of the DGOI will mark the beginning of a long-term cooperation between the DGOI and the VDZI based on a vision of joint and individual responsibility for quality care shared alike by oral implantologists and master dental technicians. True to the motto: Implantology + Prosthetics = Teamplantology par excellence. For the patient's benefit.

We are looking forward to welcoming you in Munich from 19 to 21 September.

Dr. Georg Bayer
President DGOI

Uwe Breuer
President VDZI

Dr. Paul Weigl

“Dentists and dental technicians in dialogue”

We want you to enjoy a Congress programme that is both informative and exciting. Computer-based planning and new techniques and materials in clinical and laboratory procedures integrate in an ever more complex manner by way of the “virtual patient” concept and by way of a network of “real people on the treatment team”. And this treatment team requires as one of its members a dental technician with top-notch expertise. Their experiences and perspectives will be confronted with those of the implant dentists and discussed with you, the congress participants. As an independent professional society, we ask our invited speakers to critically assess the often unknown cost/benefit/risk ratios of new techniques – a premise that will also characterize our program on Friday, which focuses on surgical aspects. After all, we want you to be able to implement your newly acquired knowledge in your own setting in terms of more efficient and less risky treatment approaches.

At this point I would also like to take the opportunity to thank the VDZI for its assistance in putting together this program.

Dr. Paul Weigl

THURSDAY | 19. September 2013

Workshop day

Sponsors Workshops (in German language)

1ST SEGMENT

I 10.00 – 12.00

1.1 Acteon

Dr. Fred Bergmann, Viernheim/Germany

Bone augmentation: easy, atraumatic and predictable?
New techniques for bone splitting and bone block transfers
with practical exercises on animal bones

1.2 BICON

Dr. Georg Bayer, Landsberg/Germany

Short implants for new indications – a minimally invasive
treatment concept without bone augmentation or sinus floor
elevation procedures (with practical exercises)

1.3 botiss

Dr. Dr. Andres Stricker, Konstanz/Germany

Minimal invasive soft tissue management in complex cases
(with practical exercises)

1.4 BTI

Dr. Eva Dulger, Viernheim

Biological augmentation with PRGF – non traumatic and save?
How to produce and use PRGF and Fibrin as biological mem-
bran for socket preservation and augmentation
(with practical exercises)

1.5 Sunstar Guidor

Dr. Henrik Christian Hollay, Munich/Germany

Application of a biphasic synthetic bone-grafting material
in theory and practice

1.6 Geistlich Biomaterials

Prof. Dr. Georg-H. Nentwig, Frankfurt/Germany

Biological regeneration of bone – guaranteed implant success
(with practical exercises)

1.7 SICAT

Dr. Jörg Korte, Soest/Germany

From 3D-Planning to drilling templates
(with practical exercises)

1.8 Meisinger

Dr. Anne Bauersachs, Erlangen/Germany

Sparing extraction of roots with Benex Control
(with practical exercises)

12.00 – 14.00 **Break**

2ND SEGMENT

I 14.00 – 16.00

2.1 BioHorizons | Dr. Marc Hansen, Dortmund/Germany

Dr. Harald Hüskens, Uedem/Germany

Implants with Laser-Log technology in the narrow jaw: Scientific
update and practicability with hands on

2.2 CAMLOG | ZTM Hans-Joachim Lotz, Weikersheim/Germany

Treatment concepts in implant prosthodontics using digital
media and technologies. DEDICAM – The key success factor for
success in CAD/CAM-Prosthodontics (with Live-Demo)

2ND SEGMENT

I 14.00 – 17.00

2.3

Dr. Michael Weiss, ZTM Dirk Sommerfeld, Olaf Glück

BioHPP and viso.lign – a highly esthetic alternative to
chipping-prone ceramic restorations on implants

THURSDAY | 19. September 2013

Workshop day

Sponsors Workshops (in German language)

2.4

Dr. Steffen Kistler, Landsberg/Germany

A new approach to the restoration of the edentulous
jaw SmartFix and Weldone as a safe and quick treat-
ment alternative

2.5

Ursula Weber, Gerd Adler, Robert Filipovic

“Dental Economics” – tools for a successful practice

2.6

Dr. Oliver Hanisch, Paris/Frankreich

The One-Time-Abutment for soft tissue integration:
A new paradigm in the esthetic zone

2.7

Dr. Claudio Cacaci, Munich/Germany

Hard- and soft tissue management for esthetic implant
restoration: Ridge preservation and 3D bone recon-
struction with Allograft (with practical exercises)

6.00 pm

General Assembly of the DGOI in the congress hotel

Note:

Please note that you can only participate in one workshop per segment!
Please indicate the workshop you wish to sign up for on your registration form.

FRIDAY | 20. September 2013

Congress Programme

Surgical procedure

08.45

Welcoming address

Dr. Georg Bayer, President DGOI
ZTM Uwe Breuer, President VDZI

Introduction

ZTM Peter Finke, Erlangen/Germany
Dr. Paul Weigl, Frankfurt/Germany

09.00 – 09.45

(incl. 5 minutes
discussion)

Prof. Dr. Dr. Jörg Wildfang, Kiel/Germany

The influence of bone augmentation materials and
stem cells for success

09.45 – 10.15

(incl. 5 minutes
discussion)

Dr. Michael Weiss, Ulm/Germany

7 years of experience in immediate loading
using a reduced number of implants; pre-
fabricated and custom esthetic restorations
using White Shade abutments with
off-peak properties

10.15 – 10.45

(incl. 5 minutes
discussion)

Dr. Marc Hansen, Dortmund/Germany

Abutment distribution and the generation
of additional abutments from an implantological
point of view

10.45 – 11.15

Coffee break at the dental exhibition

11.15 – 11.45

(incl. 5 minutes
discussion)

Priv.-Doz. Dr. Dr. Norbert Enkling,
Bern/Switzerland

Mini-implants: a safe alternative therapy

11.45 – 12.15

(incl. 5 minutes
discussion)

Prof. Dr. Mauro Marincola, Rome/Italy

Indications and long-term behaviour of short implants

12.15 – 12.45

(incl. 5 minutes
discussion)

Jan Kielhorn, Öhringen/Germany

Fabricating superstructures before implant placement

12.45 – 14.00

Lunch break at the dental exhibition

Simultaneous
translation
German-English

FRIDAY | 20. September 2013

Congress Programme

Surgical procedure

- 13.45 – 14.00 Award ceremony
- 14.00 – 14.45 **Prof. Dr. German Gallucci, Boston/USA**
(incl. 5 minutes discussion)
Surgical and prosthetic aspects of peri-implant soft tissue in the esthetic zone
- 14.45 – 15.30 **Dr. Oliver Hanisch, Paris/France**
(incl. 5 minutes discussion)
A new treatment approach for soft-tissue integration of the implant abutments
- 15.30 – 16.00 Coffee break at the dental exhibition
- 16.00 – 16.30 **Prof. Dr. Georg-H. Nentwig, Frankfurt/Germany**
(incl. 5 minutes discussion)
Factors influencing the survival of 12,000 Ankylos implants over a period of 20 years
- 16.30 – 17.00 **Dr. Stephan Ryssel, Crailsheim/Germany**
(incl. 5 minutes discussion)
High-performance polymers – a new class of prosthetic materials for immediate restoration
- 8.00 pm Dinner event**
Das Schloss, Schwere-Reiter-Straße 15
80637 Munich, Phone +49 89 143408-0
www.dasschloss-online.de
Price (per person) € 80,00 plus VAT

SATURDAY | 21. September 2013

Congress Programme

Dental technology and Implant Prosthodontics

- 08.45 **Welcoming address**
Dr. Georg Bayer, President DGOI
ZTM Uwe Breuer, President VDZI
- 09.00 – 09.45 **Prof. DDr. Werner Zechner, Vienna/Austria**
(incl. 5 minutes discussion)
Guided surgery: Opportunities and hazards associated with the "overall treatment planning" service
- 09.45 – 10.30 **ZT Uli Hauschild, San Remo/Italy**
(incl. 5 minutes discussion)
The role of the dental technician in CT-based treatment planning
- 10.30 – 11.00 **ZTM Rainer Struck, Berlin/Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Priv.-Doz. Dr. Dr. Michael Stiller, Berlin/Germany
Clinical presenter (15 min)
Conventional vs. CT-based planning: cost/benefit ratio
- 11.00 – 11.30 Coffee break at the dental exhibition
- 11.30 – 12.00 **ZTM Jan Langner, Schwäbisch Gmünd/Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Dr. Pablo Hess, Kelsterbach/Germany
Clinical presenter (15 min)
The role of the dental technician in treatment planning for immediately loaded implants
- 12.00 – 12.30 **ZTM Christian Hannker, Rastede/Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Dr. Gerhard Werling, Bellheim/Germany
Clinical presenter (15 min)
Variants of CAD/CAM-made custom abutments: cost/benefit ratio

Simultaneous translation
German-English

SATURDAY | 21. September 2013

Congress Programme

Dental technology and Implant Prosthodontics

- 12.30 – 13.00 **ZT Pascal Müller, Zürich/Switzerland**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Dr. Oliver Hanisch, Paris/France
Clinical presenter (15 min)
Single-tooth restorations in the esthetic zone: Contributions of the dental technician to the shaping of the peri-implant soft tissue
- 13.00 – 14.00 Lunch break at the dental exhibition
- 14.00 – 14.30 **ZTM Bernhard Egger, Füssen/Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Dr. Daniel Grubenau, Trier/Germany
Clinical presenter (15 min)
Occlusion of implant-supported superstructures
- 14.30 – 15.00 **ZTM Vincent Fehmer, Zürich/Switzerland**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Dr. Steffen Kistler, Landsberg/Germany
Clinical presenter (15 min)
Material selection and laboratory fabrication of implant-supported posterior crowns and bridges: cost/benefit ratio
- 15.00 – 15.30 Coffee break at the dental exhibition
- 15.30 – 16.00 **ZTM Gerhard Stachulla, Bergen/Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Dr. Mischa Krebs, Frankfurt/Germany
Clinical presenter (15 min)
The laboratory challenge: Completing a 12-unit bridge on the day of implant placement
- 16.00 – 16.30 **ZT Andreas Lindauer, Neu-Ulm/Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Priv.-Doz. Dr. Dr. Norbert Enkling, Bern/Switzerland
Clinical presenter (15 min)
Loosening of implant components and attachment wear in removable superstructures
- 16.30 – 17.00 **ZTM Jürgen Freitag, Bad Homburg, Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Muzafar Bajwa, M.Sc., Frankfurt, Germany
Clinical presenter (15 min)
PEEK – an alternative in implant prosthodontics?
- 17.00 – 18.00 **ZTM Hans-Joachim Lotz, Weikersheim, Germany**
(incl. 5 minutes discussion)
Laboratory presenter (15 min)
Conventional and new materials for implant-supported dentures – future and visions
ZT Carsten Fischer, Frankfurt, Germany
Laboratory presenter (15 min)
The importance of dental technology in implantology – future and visions
Prof. Dr. Eric Rompen, Liège/Belgien
Clinical presenter (30 min)
Future and visions of materials and design in oral implantology
- 18.00 **Final discussion and conclusion**
Dr. Georg Bayer, President DGOI
ZTM Uwe Breuer, President VDZI

Simultaneous translation
German-English

(Discussions to take place after each presentation within the specified time interval.) Subject to change without notice.

INFORMATION AND REGISTRATION

10th International Annual Congress of the DGOI September 19–21, 2013

"Implantology: Technology and Medicine"

– Guided Surgery – Prosthetic rehabilitation –
Aftercare and management of complications

Scientific Chairman

Dr. Paul Weigl, Frankfurt am Main (Germany)

Venue

Hotel Sofitel Munich Bayerpost

Bayerstr. 12, 80335 Munich, Germany

Congress Fees (September 19–21, 2013)

Dentist (DGOI- or ICOI-Member)	390,00 €
Dentist (Non-Member)	490,00 €
Assistant Dentist (DGOI- or ICOI-Member)	290,00 €
Assistant Dentist (Non-Member)	390,00 €
Dental Technician (DGOI- or ICOI-Member)	290,00 €
Dental Technician (Non-Member)	390,00 €
Students (DGOI- or ICOI-Member)	150,00 €
Students (Non-Member)	250,00 €
Assistants (20./21. September 2013)	296,00 €

Combined price for dentists and dental technicians

(September 19–21, 2013)

The reduced combined price is given when at least one of the participants is a member of DGOI.

Dentist & Dental Technican (DGOI- or ICOI-Member)	550,00 €
Dentist & Dental Technican (Non-Member)	690,00 €

Day Tickets

(Friday, September 20, or Saturday, September 21)

Dentist (DGOI- or ICOI-Member)	190,00 €
Dentist (Non-Member)	250,00 €
Dental Technician (DGOI- or ICOI-Member)	150,00 €
Dental Technician (Non-Member)	200,00 €
Assistants	148,00 €

Evening Event (Friday, September 20, 2013)

Das Schloss, Schwere-Reiter-Straße 15, 80637 Munich

Tel.: 089 143408-0, www.dasschloss-online.de

Price (per Person) 80,00 €

Price includes transfer, Bavarian Dinner, wine, beer, softdrinks and music.

VAT will be added to all amounts
