ICOI Returns to Moscow April 24-25, 2012

ICOI returned to the DENTAL SALON meeting in Moscow once again this year and presented a high level scientific symposium. Lecturers from the United States, Europe and Russia participated. Hopefully next year we will also participate in this landmark meeting which rivals the Greater New York Dental Meeting in size and scope. From the United States, Dr. Oleg Nashtatik, Dr. Scott Ganz and Dr. Alvaro Ordóñez presented. From Europe, Dr. Fred Bergmann (Germany) and Mr. Uli Hauschild, (Italy) presented. From Russia, contributions were made by Dr. Ilya Goncharov and Dr. A. Panin.

This meeting was supported by Prof. Oleg Yanushevich, Rector of the Moscow Government Medical State University, Chief Dentist of the Ministry of Health of the Russian Federation, and Prof. Tatiana Robustova, who was presented with ICOI's Ambassadors' Circle Award.

We must also thank Mr. Ilya Brodetski who organizes the DENTAL SALON and other meetings in Russia throughout the year.

Dr. Fred Bergmann lecturing on "REQUIREMENTS FOR THE PERFECT AESTHETIC LONG TERM OUTCOME".
